PRICES

TANDEM	1-3 jumpers: \$225	4-6 jumpers: \$215	7-9 jumpers: \$210	10+ jumpers: \$200
STATIC LINE	1-3 jumpers: \$200	4-6 jumpers: \$190	7-9 jumpers: \$185	10+ jumpers: \$175

\$50 non-refundable deposit required for each person, plus a \$1.50 processing fee.

WEIGHT AND AGE REQUIRMENTS

Age: Jumpers must be 18 years of age for tandem and static line skydiving. Students over the age of 65 must provide authorization to skydive from their physician.

Weight: For safety reasons, 220lbs. is the weight limit for tandem, and 250lbs. for static line.

GROUP CHANGE IN RESERVATION & WEATHER POLICY

Change in Reservation: Any changes to your reservation must be made at least 72 hrs prior to your appointment for groups up to 6 people, and 1 week prior for groups of 7 or more. If you are unable to give the minimum notice, or do not show up for your jump, you forfeit the \$50 deposit. The change in reservation policy is strictly enforced for both tandem and static line instruction. All schedule changes must be called in.

Weather: **Static Line** instruction is held regardless of the weather. If training is complete and poor weather prohibits jumping, you will need to reschedule your jump within 30 days following your static line class.

Tandem skydiving requires certain weather conditions at the drop zone that are sometimes difficult to predict or anticipate. Please call-in for status on weather just before you leave to come out to the drop zone. We will do our best to obtain weather forecast information and decide if rescheduling is necessary at that time to save you the trip. Otherwise, you will be expected to come out for your scheduled appointment.

Note: *Marginal weather is not a valid reason for failing to attend your scheduled jump. If weather prohibits jumping, your non-refundable deposit will remain on your account and you will need to reschedule the jump for another day.*

Bad Weather Push-Back: If the weather on jump day does not allow you to skydive at the time you reserved, we cannot push you back into the next class, unless there is availability in that class. In the event that the next class is full, you will be re-scheduled to jump a different day. There are only so many hours of day-light and it's unfair to push those reserved in the later classes past our allowable skydiving time.

UPGRADE YOUR EXPERIENCE!

Extra Altitude Option: The standard tandem skydive is from 8,000-10,000 feet with 30-45 seconds of freefall. For only \$25 more, you can purchase a skydive from 12,000 feet, increasing your freefall time to one full minute! Take your static line skydive up to one mile instead of the standard 3,500 feet for only \$25 more! Extra altitude options are available weather permitting.

Professional Video or Still Photography (Tandem Only): We offer professional video services including a personal videographer, pre-footage, freefall coverage, landing, and post footage. Your documented experience is then edited on site adding music and personal touches. The video is a must-have for your first skydive to show friends and family, but also to watch over and over yourself! Or, you may select still photography of your experience! You will receive over 150 digital images to post to Facebook or share with your friends and family. Either Video or Still Photos create a lasting memory for only \$90.

Visit www.SkydiveSnohomish.com for more information!!

*** Limited space is available for both tandem and static line classes.

Reservations are accepted on a first-come, first-served basis. ***
